DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 17-21, 23 are rejected under 35 U.S.C. 102(a) as being anticipated by admitted prior art (APA). Note that the outwardly extending feature of the two part bracket of APA conforms to the handle opening.

Claim Rejections - 35 USC § 103

Claim 24 is rejected under 35 U.S.C. 103(a) as being unpatentable over admitted prior art (APA). The outwardly extending feature of the APA device conforms to part of the handle opening. Obviously if a more positive connection was desired the feature would be extended to include the entire handle opening. This is felt to be an obvious matter to be determined by an artisan.

Allowable Subject Matter

Claims 1-5, 7-13, 15-16, 23 are allowed.

Conclusion

Applicant continues to argue for the allowance of claims that rely on the definition of the outwardly extending feature conforming to the opening in the handle. The admitted prior shows this. See Fig 5 for example. The outwardly extending feature

Art Unit: 3724

surrounds the upper handle and therefor conforms to the opening. The objection to the drawings has been dropped in accordance with applicant's remarks.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

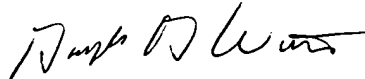

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
